May 29, 2023

Dear Rector Nurgaziev R.Z.,

On behalf of China Agricultural University (CAU), I would like to extend my warmest congratulations on the 90th anniversary of Kyrgyz National Agrarian University (KNAU). Over the course of 90 years, KNAU's significant contributions to both higher education and national agricultural development are widely recognized.

CAU and KNAU have enjoyed a long-standing partnership, with KNAU among the first members to join the "BRSSCAL" initiated by CAU, which has led to many fruitful exchanges and collaborations.

During the China-Central Asia Summit in May, President Xi Jinping pointed out: "The China-Central Asia relationship is steeped in history, driven by broad actual needs, and built on solid popular support. Our relations are brimming with vigor and vitality in the new era." President Sadyr Zhaparov said: "The Kyrgyz side is ready to deepen the alignment of each other's development strategies, expand cooperation in economy, trade and investment between the two countries, and advance people-to-people and cultural exchanges at the sub-national level." With such encouragement and support from both countries, I am confident that KNAU and CAU will have more in-depth cooperation and the partnership between us will continue to flourish in the future.

Please extend my best wishes to you, your faculty and students on this special occasion. May KNAU Progress and Prosper!

Sincerely yours,

孙其信

Prof. SUN Qixin
